You don't need to run around in search of repair parts for your Kia. You'll find everything you need for a successful repair right here on our digital shelves. cliffb, my issue was the same. I have figured out (or guessed) that apparently Kia changed to the FET motor control midway through 2007, but it seems all parts lists everywhere only call out the resistor for a 2007 replacement part; you have to look for a 2008 replacement part, which is the part you came up with. 5 months ago, I had the timing belt and water pump replaced. Recently, an intermittent, high pitched whining sound has started, seemingly from the water pump area. The water pump was replaced last week. Now the sound is back. The car has been running perfectly. Any ideas as to what the noise could ...
