

Download Hero Honda Splendor Manual

The Hero Splendor is a motorcycle manufactured in India by Hero. It has an electronic ignition and a tubular double cradle type frame with a 97.2 cc (5.93 cu in) engine. The engine is based on the Honda cub C100EX with a similar bore and stroke of 50 mm × 49.5 mm (1.97 in × 1.95 in). As of 2009, Splendor models were selling at a rate of one million per year. The Hero Splendor is the best in the segment when it comes to sales of commuter bikes. This Hero marquee was developed with Honda and later on after the split has soldiered on alone with the Hero. The bike has over the years spawned off its own different variants. The variety of options has made [...] We take a look at how the new Triumph Tiger 800 XCx stacks up against its closest competitors in India - the BMW F 850 GS and the Honda CRF 1000 L Africa Twin. El Club de Diagramas es dónde los técnicos intercambian y comparten diagramas, manuales de servicio y todo archivo de información técnica útil para las reparaciones electrónicas.
