

# Download The Role Of The Preceptor A Guide For Nurse Educators And Clinicians

Preceptor Program Curriculum 3 3. An effective preceptor process is needed to increase retention in health care. 4. The preceptor's responsibilities include role model, facilitator, educator, and evaluator. A preceptor is an experienced practitioner who, for a set time, teaches, instructs, supervises, and serves as a role model for a student or graduate nurse. AUSTRALIAN JOURNAL OF ADVANCED NURSING Volume 30 Number 3 5 RESEARCH PAPER The development and evaluation of a preceptorship program using a practice development approach What is the Role of a Nurse Educator? Nurse educators practice as faculty, staff educators, or clinicians. Competencies of the professional practice nurse educator include assessing educational needs, planning programs to meet those needs and evaluating program outcomes in the context of evidence-based practice models.
